

# Environmental Policy

---

NSK shall implement in all its corporate activities, such as research and development, manufacturing, sales and services of ultra-high-speed rotary equipment, including dental instruments, considering the organization state that can affect business activities, the following environmental activities based on the goals of reduction of environmental impact for the global environment of the future, harmony with nature, and the establishment of a healthy and prosperous society:

**1. Promotion of environmental protection, including prevention of contamination**

NSK reduces environmentally hazardous substances in all of its activities to prevent contamination and protects the natural environment from harm and degradation arising from organizational activities, products and services.

**2. Continuous improvement of the environmental performance of energy and resource conservation**

NSK continuously improves its environmental performance in all fields of its activities including manufacturing products, focusing on energy conservation for global warming prevention and recycling for resource conservation.

**3. Compliance with environmental laws, regulations and other voluntary standards**

NSK ensures compliance with environmental laws and regulations related to all of its corporate activities, products and services and standards judged to affect the needs and expectations of interested parties.

**4. Reduction of environmental loads in all processes of business considering the life cycle**

NSK strives to continuously improve the activities to reduce environmental impact of all production processes from product planning and development to manufacturing, sales, use and disposal, with all of its employees, by accurately assessing the impact of its corporate activities on the environment and setting environmental targets within the range of technological and economical abilities.

**5. Promotion of communication with stakeholders**

NSK communicates with stakeholders, including those in the surrounding areas, to maintain the environment.

**6. Dissemination of environmental policy**

NSK communicates environmental policies and the importance of global conservation to all related stakeholders.
